How to use the PDF Timetable

The timetable has two sections, the bookmark or navigation area on the left-hand side and timetable on the right hand side.

Bookmarks

The bookmarks are your navigation for the timetable. All departure cities are listed alphabetically and are indicated by the word 'From'. If you click on one of these links it will take you directly to the part of the timetable that shows flights from the city selected.

All the from cities have a + mark next to them. If you click on the + mark it will show you a list of destinations you can go to from that departure city. They are indicated by the word 'To'. If you click on one of these links it will take you directly to the part of the timetable that shows flights to the city selected.

Timetable

The timetable covers a 30-day period. It is updated weekly on Sunday evenings. The current date is shown at the bottom of each page in the PDF.

Effective between 19 Jun - 12 Jul

The timetable is broken up into 6 columns.

Flight Depart Arrive Freq. Stop Effective

1. Flight

The Qantas flight number. If the flight number is followed by a *, for example 1650*, it means the flight is operated by another airline. If the flight is followed by a †, for example 7913†, it means the flight is operated by Australian Airlines. If the flight is followed by a ‡, for example 0340‡, it means the flight is operated by Jetstar.

2. Depart

Departure time of the flight, shown in local time. All times are shown in 24-hour time. For example, 5am is 0500 and 5pm is 1700.

3. Arrive

Arrival time of the flight, shown in local time. All times are shown in 24-hour time. For example, 5am is 0500 and 5pm is 1700. If the arrival time is followed by a + or -1 it means the flight arrives a day after(+) or a day before(-) the departure date.

4. Freq.

The frequency or days the flight operates. If the flight operates daily the word Daily will be shown. If it only operates on certain days of the week numbers will be shown. The days of the week are:

1 = Monday 2 = Tuesday 3 = Wednesday 4 = Thursday 5 = Friday 6 = Saturday 7 = Sunday

5. Stops

The number of stops the flight makes between the departure and arrival cities.

6. Effective

The date for which the flight number in a given row is valid. If the one flight number has different effective dates for the period of the timetable it will be repeated in the next row and indicated by a " .
