Criteria Used as the Basis of Reporting

The methodologies ("*the Criteria*") used by Qantas Airways Limited management to measure the Select Sustainability Information Subject to Assurance are described in Qantas' online reporting portal [Financial and ESG data | Qantas AU](#).

Basis for Conclusion

We conducted our work in accordance with Australian Standard on Assurance Engagements ASAE 3000 (Standard). In accordance with the Standard we have:

- used our professional judgement to plan and perform the engagement to obtain limited assurance that we are not aware of any material misstatements in the Select Sustainability Information Subject to Assurance, whether due to fraud or error;
- considered relevant internal controls when designing our assurance procedures, however we do not express a conclusion on their effectiveness; and
- ensured that the engagement team possess the appropriate knowledge, skills and professional competencies.

Summary of Procedures Performed

Our limited assurance conclusion is based on the evidence obtained from performing the following procedures:

- enquiries with relevant Qantas Airways Limited personnel to understand the internal controls, governance structure and reporting process of the Select Sustainability Information Subject to Assurance;
- reviews of relevant documentation including relevant frameworks, policies, basis of preparation;
- analytical procedures over the Select Sustainability Information Subject to Assurance;
- walkthroughs of the Select Sustainability Information Subject to Assurance to source documentation;
- evaluating the appropriateness of the Criteria with respect to the Select Sustainability Information Subject to Assurance; and
- reviewed the Select Sustainability Information Subject to Assurance reported in Qantas' online reporting portal and Annual Data Book to ensure it is consistent with our overall knowledge of assurance engagement.

How the Standard Defines Limited Assurance and Material Misstatement

The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed.

Misstatements, including omissions, are considered material if, individually or in the aggregate, they could reasonably be expected to influence relevant decisions of the Directors of Qantas Airways Limited.
