

ELECTRICAL SAFETY RECALL

15-inch MacBook Pro Battery

Sold primarily between September 2015 and February 2017

Defect: In a limited number of older generation 15-inch MacBook Pro units, the battery may overheat.

Hazard: Potential fire risk

What to do: First check to see which 15-inch MacBook Pro you have. Choose 'About This Mac' from the Apple menu (🍏) in the upper-left corner of your screen. If your model is "MacBook Pro (Retina, 15-inch, Mid 2015)", visit <https://support.apple.com/en-au/15-inch-macbook-pro-battery-recall> and enter your computer's serial number to see if it is included in this recall. If your MacBook Pro is included, stop using it and follow the instructions at <https://support.apple.com/en-au/15-inch-macbook-pro-battery-recall> to have your battery replaced, free of charge. This program does not affect other MacBook Pro models.

Contact details: For further information, or to contact Apple Support, visit <https://support.apple.com/en-au/15-inch-macbook-pro-battery-recall> and follow the prompts.

See www.productsafety.gov.au for Australian product recall information.
