

Travelling as an Unaccompanied Minor on Qantas

PREPARING FOR TRAVEL

Please complete all fields marked * on the form in English, print and bring the printed form to the Airport To make sure you are prepared. Please read the [Children Travelling Alone](#) information at qantas.com.

GOVERNMENT REGULATORY REQUIREMENTS:

A number of requirements are in place which may impact your child's travel both domestically and/or internationally. Before travel, ensure you check the latest government [travel requirements](#) which apply to everyone travelling, including children. Requirements may include passports, visas, travel permits and health declarations.

If you don't comply with these requirements, including seeking the necessary approvals before travel, your child/children could be denied travel or refused entry.

TRAVELLING WITH MEDICATION (INCLUDING OVER THE COUNTER MEDICATION)

Children travelling alone must be capable of self-administering their medication in order to travel alone. Qantas staff are not generally authorised to administer medication.

Medication includes:

- i. Prescription medication from a doctor, dentist or pharmacy such as antibiotics, auto-injectors and inhalers; and
- ii. Over-the-counter medications such as paracetamol, antihistamines, pills and ointments.

Please ensure your child is travelling with a letter/certificate from your child's doctor. For full information please refer to [Children travelling with medication](#).
