

PASSENGERS TRAVELLING ON QF1/QF9 AND QF2/QF10

Passengers travelling and **remaining** on either QF01/QF02 or QF09/QF10 via Dubai to/from London, do not require a Dubai Firearm/Ammunition Approval (issued by Emirates Group Security), as all baggage including firearms/ammunition, remains on the **same** aircraft.

IMPORTANT

A Firearms/Ammunition approval cannot be obtained if a passenger changes flights in Dubai e.g.QF01 to QF09 (i.e. baggage including firearms/ammunition will be removed from one aircraft to another aircraft).

Even though an approval is not required please forward below documentation to dq@qantas.com.au. The documentation will be held on file and, in the unlikely event of a disruption via Dubai; an approval will be sourced by Qantas ground personnel.

Each passenger travelling on a Qantas flight must complete the 'Firearms/Weapons & Ammunition Declaration' (attached below).

The Declaration form must be submitted to dq@qantas.com.au together with the following documentation:

- **clear** scan of passport;
- **clear** scan of firearms license;
- invitation letter (if any);
- any other supporting documents

Once documentation has been received by Qantas Dangerous Goods an acknowledgement email will be forwarded.

NOTE: *Passengers carrying ammunition on any Qantas Group flight are still required to obtain a Qantas Dangerous Goods Operator Approval (dq@qantas.com.au).*

Enquiries may be directed to Group Dangerous Goods at dq@qantas.com.au or 02 9691 1061.

DUBAI FIREARMS AND/OR AMMUNITION NOTIFICATION FORM
