

CARRYING AMMUNITION AND/OR FIREARMS ON THE QANTAS/JETSTAR GROUP NETWORK

All firearms and/or ammunition carried on the Qantas/Jetstar Group network, (Qantas, QantasLink, Jetstar, Cobham and Network Aviation flights) is done in accordance with dangerous goods regulatory and company requirements.

Some countries have specific requirements regarding the carriage of firearms and/or ammunition e.g. Singapore.

It is the sole responsibility of a passenger to:

- adhere to all the Group carriage requirements, both domestically and internationally, when carrying firearms and/or ammunition;
- ensure all relevant country specific import/export permits and documentation (including Australia) are obtained prior to travel.

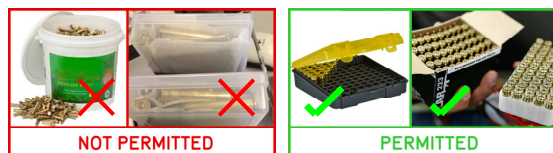

CARRAIGE OF AMMUNITION

In accordance with Dangerous Goods Regulations, the carriage of ammunition requires the Approval of the airline (operator). This dangerous goods Approval is valid on the Qantas/Jetstar network.

APPROVAL PROCESS

To qualify for an Approval, you must:

- hold either a current firearms license **or** permit **or** enforcement agency identification;
- not carry more than 5kg gross of ammunition*, (multiple passenger allowances cannot be combined);
- ensure all ammunition is securely packaged e.g. individually separated in the container;
- ensure all ammunition is carried in checked baggage only.

To obtain an Approval, use the link below, follow the prompts and enter the required information:

<http://www.qantas.com/travel/airlines/dangerous-goods/global/en#ammunition-cartridges-for-weapons-and-or-firearms>

- passenger's full name;
- email address;
- passenger's firearms license number and expiry date **or** permit number **or** enforcement agency identification.

To Check-In, you must:

- check-in with a Customer Service Agent/Officer;
- show your current firearms license **or** permit **or** enforcement agency identification;
- present your current Dangerous Goods Approval e.g. hard or soft copy.

Note: *When ammunition is packed in a locked firearms case, the ammunition must be in a separate locked container.*

* In accordance with the Firearms Control Act (Act 60 of 2000), when travelling to, from or through South Africa, an additional restriction limits ammunition to 200 rounds person.

CARRIAGE OF FIREARMS

Passengers carrying only firearms (no ammunition), **do not** require the Approval of the airline (operator), however the following must be met.

You must ensure that all Firearms are:

- unloaded;
- inoperable e.g. bolt removed, trigger guards fitted etc.; and
- contained in a locked case (hard or soft is acceptable).

To Check-In, you must:

- see a Customer Service Agent/Officer
- show your current firearms license **or** permit **or** enforcement agency identification;
- confirm the firearm(s) are inoperable;
- confirm the firearm(s) are in a locked case (hard or soft is acceptable).

If travelling Internationally, you must also:

- confirm any required Import Permit/s for the destination country have been obtained;
- if applicable, confirm an International Visitor Firearm Permit valid in the Australian state of arrival has been obtained.

Note: *Passengers travelling with firearms are permitted an additional piece of baggage within their total weight allowance, at no charge.*

COLLECTION OF FIREARMS

Baggage containing firearms will only be available for collection at the airlines' 'Baggage Services' area.

Important

Identification **is required** before any items will be released.

SINGAPORE

Requirements for the carriage of firearms/ammunition to, from or through Singapore are detailed in the link below.

<http://www.qantas.com.au/travel/airlines/dangerous-goods/global/en#ammunition-cartridges-for-weapons-and-or-firearms>

Further information is available on the Qantas/Jetstar Dangerous Goods website:

<http://www.qantas.com/dangerousgoods/sin-carriage-of-firearms-and-or-ammunition.pdf>

Important

Firearms and/or parts of firearms are only permitted as checked baggage.
