## Investment

- Qantas is investing in the latest aircraft technology, with the new Qantas 787-9 Dreamliner connecting Australia to Europe for the very first time
- Qantas Group procures goods and services from approximately 13,000 suppliers
- Investing in fast on board Wi-Fi, refurbishment of the A380 fleet and Future Flight Planning software – saving fuel and reducing emissions
- Jetstar is upgrading its A320 aircraft with new cabins – adding passenger comfort and capacity – allowing the fleet to operate an additional 600,000 seats each year. The majority of this heavy engineering work is being undertaken in Brisbane

## Qantas & Small Business

- Supporting 177,000 business members across Australia earning points and travel discounts
- Investing in external start-ups and scale-ups to accelerate their product development, stimulating growth of Australian small businesses
- Founding member of the Australian Supplier Payment Code
